

## SSP Reminders 2019

Please do NOT call the following places for service. They are already filled because of a strict application process that was handled in October or they have informed us that they have no service available for our students this year:

**Cardinal Glennon Children's Hospital**  
**Children's Hospital**  
**St. Clare Hospital**  
**St. Anthony's Hospital / Mercy South**  
**VA at Jefferson Barracks**  
**CORP (County Older Residents Program)**

Remember that I am not here most days after school but that I am here in 104 before school each day and at Encore. Please make use of that time. You can also email me with questions. [CMitchell@vianney.com](mailto:CMitchell@vianney.com)

**CORP / County Older Residents Program** has asked **Mr. Remiger** to handle SSP sign-ups. They can only accept a team of 2 students. Be aware that part of this service is that you will be driving from residence to residence (your gas) and doing a multitude of tasks - including outside work. If you are interested, talk to your parents and see **Mr. Remiger** in person NOT DURING CLASS TIME.

If you wish to work at **Affton Early Childhood**, they are greatly limiting the number of students they are accepting for SSP this year. See **Mr. Remiger** if you want to work there. This is a first come, first served agency. Do NOT call the agency for a placement. We will not honor placements unless they are made with Mr. Remiger.

If you want to do service at a **FOOD PANTRY**, please be aware that most of those are done through **Mr. Remiger**. We no longer allow students to directly call the pantry because of issues we've had in the past. This includes:

**Arnold Food Pantry**  
**Feed My People High Ridge**  
**Feed My People South County**

If you are interested in work at a food pantry, you MUST see **Mr. Remiger** in person NOT DURING CLASS TIME.

**Also, when contacting agencies / doing interviews, it's a GREAT idea to check on the following things:**

**DAILY START & STOP TIMES** (Pay close attention so that there is not interference from work or sports) This is an issue every year especially with athletes. Please, please communicate upfront with your agency.

Turn the page.....

**EXACT LOCATION OF YOUR SERVICE** (some places have multiple campuses)

**DRESS CODE**

**LUNCH PROCEDURES**

**It's also a wise idea to script out what you want to say, including the SSP dates before you make your phone calls.**

**BE GRACIOUS! Remember that at ALL times YOU are a GOLDEN GRIFFIN!**
